Covid19 Considerations

Friday, March 14, 2020 was the last day of full day, in-person instruction at Randolph High School. By Monday, March 16 our teachers and students transitioned to virtual instruction. Instruction was provided in both a synchronous and non- synchronous format. We are a “Bring Your Own Device” district so students were provided computers in order to access learning. Technology was provided efficiently and most students transitioned seamlessly. The 2020-2021 academic school year format was virtual instruction in the am and in person learning for the afternoon.

Randolph High School maintained the grading structure detailed above and the only modification was the elimination of the benchmark assessment. Grades were based on performance in classroom assignments, tests and quizzes and other formative assessments. Grades were not based solely on attendance. Our entire teaching and administrative team have confidence in both the content delivered and the grades earned. Please consider this as you evaluate the academic records of the Class of 2021.

Advanced Placement Exams

Randolph High School is committed to the Advanced Placement Program. Our AP enrollment continues to increase as do our mean scores. We proudly became an AP Capstone school in the inaugural year of the program and the program has grown annually awarding over 49 AP Capstone Diplomas to-date.

In May, 2021 372 Randolph High School students took 759 AP Exams with 305 of the total scores three or higher.

In the 2020-2021 school year total enrollment in all 32 AP courses is 831 students.
