

Randolph Township Schools  
Employee Attendance Plan  
2019-2020

Good staff attendance is an essential factor in the efficient and effective operation of any school district and is, therefore, considered by the Randolph Township Board of Education, to be a vital criterion of satisfactory job performance. District employment imposes, on each employee, the responsibility to be on the job and on time every scheduled working day. While no staff member will be discouraged from the prudent and necessary use of all accrued leave entitlements provided for by negotiated bargaining agreement and/or board policy, he/she is required to take reasonable precautions against accidents, both on and off the job, and manage his/her personal affairs outside of employment in order to satisfy district attendance requirements. This plan is an effort to provide guidance regarding district attendance policies and procedures and to ensure consistency in their interpretation throughout the district as a whole.

Chronic staff absenteeism and tardiness disrupt work schedules and interferes with the smooth implementation and operation of the educational program. Per Randolph Township Board of Education Attendance Policies 3212, 4212 and 4127, along with Regulations 3212, 4432 and 4211, “the Superintendent, in consultation with administrative staff members, will review the rate of absences among staff members. The review will include the collection and analysis of attendance data, the training of staff members in their attendance responsibilities, and the counseling of staff members for whom regular and prompt attendance is a problem.”

To that end, administrators must document and address corrective measures taken to assist an employee in improving his/her attendance throughout the school year.

NJSA 18A:30-1: Sick leave is defined to mean the absence from work because of a personal disability due to injury or illness.

The following Employee Attendance Plan will be implemented and effective July 1, 2019, with the goal of monitoring employee absenteeism/tardiness through counseling and advisement, and ultimately improving student achievement.

The following types of absences will **not** be counted against employee attendance:

- Approved professional days
- Military Reserve Training Leave
- Jury Duty
- Court appearances to testify on behalf of the Board
- Authorized workers’ compensation leave
- Approved vacation/paid personal days
- Bereavement
- Board approved medical leaves of absence exceeding ten business days or more
- Leave of absence covered under FMLA or NJFLA
- Compassionate leave

- Day(s) immediately before and/or after a holiday or school break
- Mondays and/or Fridays, the day after payday

- Utilizing all accrued sick time each year without physician documentation over multiple school years.

Within a staff member's summative evaluation, it will be noted as to whether or not an employee has had attendance patterns identified. This notation will occur at the end of the evaluation by way of a check box, example below:

In order to assist district administrators in monitoring attendance, the Human Resources Officer will provide to each Administrator a monthly report of department attendance. Additionally, each Principal and Supervisor will receive a daily attendance report. The full administrative team will have access to attendance reports at any time in the Absence Management system.

Working together, we will assist and support those staff members who struggle with attendance. Anyone with questions is encouraged to reach out to the Human Resources Officer.
